This Retention Schedule does not imply that all records listed have been or should be created by the School.

Records will not be disposed of until all audits are released and audit discrepancies have been settled. Where a lawsuit or agency proceeding is pending, a legal hold on relevant records is required. Records shall be retained until the legal hold has been removed.

The media type of a record does not control the retention period; rather the content of the record determines the retention period. ELECTRONIC MAIL (e-mail) is a format on which records are sent, received and/or drafted using electronic mailing systems. E-mail is NOT a record series. Instead, each individual e- mail should be evaluated according to its content and retained in accordance with the record series adopted within this schedule that the content most closely fits.
